

First 60 seconds - P.A.C.E.

FloatPlanWizard Boating Emergency Card

P - People

Life jackets on. Count everyone. Treat immediate injury. Assign jobs.

A - Assess

Position • people aboard • weather/drift • fire/fuel • flooding • propulsion/steering • nearby hazards.

C - Control

Neutral/stop propulsion when needed. Stop leak/fire/fuel only if safe. Anchor only if suitable. Keep lookout.

E - Emergency call

Mayday for grave/imminent danger.
Pan-Pan for urgent safety problem. DSC alert first if MMSI/GPS are configured; then voice on Ch 16. Give position early.

Mayday voice script - VHF Channel 16

MAYDAY, MAYDAY, MAYDAY

THIS IS [BOAT NAME] ×3

Call sign/registration [_____]

MAYDAY [BOAT NAME]

POSITION [lat/long or clear location]

WE ARE [nature of distress]

WE NEED [assistance]

[number] PEOPLE ABOARD; [injuries/medical]

BOAT IS [length/type/color]

OTHER: [drift, hazards, PFDs, beacon]

OVER
